

## You Got Me

Levon Helm

You got me spinning  
You got me spinning like a spinning top  
You got me hoping  
Hoping this love will never stop

You gave your love to me, and all my dreams  
Your love is making me believe in me

You got me burning  
You got me burning like a pile of steam  
You got me ruuning  
Got me running like a pile of steam

You gave your love to me, and all my dreams  
Your love is making me believe in me

You got me knowing  
Knowing that you in my life I'd spend  
You got me rolling  
Rolling like a river around the bend  
You got me turning  
Turning around like a spinning top  
You know you got me knowing  
Knowing our love would never stop
