

# How This Ends

Lewis Capaldi

You said, "Who are we fooling?"  
I guess that you gave up  
On all that I am and all that I'm not  
'Cause I'm fucking useless  
And full of excuses  
I guess that you cut free  
From all that we are and will never be

Now the flowers are dead  
Like the hearts in our chest  
And I'm hanging my head  
'Cause I'm trying to forget  
How we bled and we bled and we bled and we bled

So this is where we ended up  
All of those years that I wasted for love  
And here it is forevermore  
The house is on fire, and I can't find the door  
If I had the heart to start it again  
I'd stamp out the sparks in my own self-defence  
Say you ain't gonna like how this ends

You know if we went back  
To fix what we once had  
There'd still be no chance  
For you and me 'cause inevitably

All the flowers would die  
And the tears from your eyes  
Would come as no surprise  
As I tried to forget  
How we bled, and we bled, and we bled, and we bled!

So this is where we ended up  
All of those years that I wasted for love  
And here it is forevermore  
The house is on fire, and I can't find the door  
If I had the heart to start it again  
I'd stamp out the sparks in my own self-defence  
No you ain't gonna like how this ends

Broken with no way to mend  
No you ain't gonna like how this ends  
I'm stuck here just trying to forget  
How we bled, and we bled, and we bled, and we bled!

So this is where we ended up  
All of those years that I wasted for love  
And here it is forevermore  
The house is on fire, and I can't find the door  
If I had the heart to start it again  
I'd stamp out the sparks in my own self-defence  
Say you ain't gonna like  
How this ends
