

congratulations

Lewis Watson

My momma called, seen you on TV, son
Said shit done changed ever since we was on
I dreamed it all ever since I was young
They said I wouldn't be nothing
Now they always say, "congratulations"
Worked so hard, forgot how to vacation
They ain't never had the dedication
People hatin', say we changed and look, we made it
Yeah, we made it

They was never friendly, yeah
Now I'm jumping out the Bentley, yeah
And I know I sound dramatic, yeah
But I know I had to have it, yeah
For the money, I'm a savage, yeah
I be itching like an addict, yeah
I'm surrounded, twenty bad bitch, yeah
But they didn't know me last year, yeah
Everyone wanna act like they important (yeah, yeah, yeah)
But all that mean nothing when I saw my dough, yeah (yeah, yeah, yeah
)
Everyone countin' on me, drop the ball, yeah (yeah, yeah, yeah)
Everything custom like I'm at the border, yah, yah

If you fuck with winning, put your lighters to the sky
How could I make cents when I got millions on my mind?
Coming with that bullshit, I just put it to the side
Balling since a baby, they could see it in my eyes
