

# Cards Right

Lexa Gates

Maybe we could fall in love  
Let me be the girl that you're dreaming of  
Put me on your list, baby, way above  
I want rank (Yeah, you know I want)  
You don't gotta break the bank when you're with me  
You know I get money  
I find it funny, everybody wants to fuck with me  
But you're the only one I see  
You're the only one  
Kiss me 'til the sun goes down, down, down, down

Let me get a little bit of D'USSÉ  
Try and make the pain go away  
When you won't stay (Ah)  
Looks like God put you in my way  
But it's okay 'cause the days pass  
And we already know nothing ever lasts  
It's a cold world, innit?  
Windows tinted  
Sheets all linen for the fire ass women  
I open my eyes to start a new beginning (Start a new beginning)  
In a whole new place (In a whole new place)  
Where the sun shines on my face  
And I could do the things I want  
I don't have to chase a feeling  
Staring at the ceiling like a TV  
All my diamonds VV  
When I miss your voice, I just play it on that CD  
Let it go  
Tut, tut, tut, tut (La, la-la, la-la, la-la, la)  
Tut, tut, tut, tut (La, la-la, la-la, la-la, la)

You don't really have to like it  
Would you just listen then portray it in your own way?  
Technically, I caught your attention for a second  
And that second might just last forever if my cards right, right? (Cards right, right, right)  
If my cards right, right? (If my cards right)  
If my cards right
