

Latency

Lexa Gates

Yeah, okay

I, I got ideas bout you
Making a move on me
What's with the latency
Baby I'll wait and see, see

Buy me a Chanel bag
Take me to the hamptons
We could go out dancing
West to the east coast
Show me how you do the most
Spend it all, have a ball, bathroom stall
Backseat, taxi, nasty, gas me

I ain't been geAng no play
So I'm about to let it go today
And you could say what you goCa say
Cause I don't give a fuck anyway

I, I got ideas bout you
Making a move on me
What's with the latency
Baby I'll wait and
Baby I'll wait and see

You gon make me crash out
I'ma poke this ass out
Marble in the kitchen
Baby mama bitching

Tell her pick the kids up
Come and get this work done
You've been having no fun
You know you deserve some

You don't goCa trip
We could find a way
I don't need a plan
If you're down to stay
Tongue Ged, kissing
By the fire place
Say you need a break
I'll be your hideaway

Because
I, I got ideas bout you
Making a move on me
What's with the latency
Baby I'll wait and see, see

I, I got ideas bout you
Making a move on me
What's with the latency
Baby I'll wait and see, see
