Lexa Gates

Haven't seen myself in a while  
Hey wild child, what you been up to? (Ooh)  
Haven't seen the sun shine all week  
Yeah, no, I've just been downstairs  
Living through my fears  
Shedding all my tears  
Thinking everyone is watching  
No one even cares

Damn, is it really like that?  
So I really need this, do I really go back?  
Truly and honest an addict  
I just gotta have it, I got me bag  
Fuck all the drama  
All y'all could have beef with me, I ain't gone have none that back  
When I look up at the sky  
I don't even see stars, bitch, I only see black  
Yeah we in the New York mobbing  
Know I got drip, check the closet  
Fucked him and made a deposit (Cha-ching)  
Ho, why you hating? Just stop it  
All of these bitches, they copy (Copy)  
I ain't gone lie, it looks slop  
But if you happy, then shit  
I ain't gone tell you to quit

Haven't seen myself in a while  
Hey wild child, what you been up to? (Ooh)  
Haven't seen the sun shine all week  
Yeah, no, I've just been downstairs  
Living through my fears  
Shedding all my tears  
Thinking everyone is watching  
No one even cares

Big smoke like I'm a fucking chimney  
Bitch, stop playing before I suck your titty  
Most of these hoes be fucking with me  
Most of the people fucking with me is winning  
I just hit a bitch and I stole her cash  
Then I hit the dash like my name's Sha'Carri  
Now she's tryna fight, ooh, she so scary  
Either way, I'm gone with the wind like Perry

One day, one day  
I'll be so high, so high  
I'll never come down, come down, oh  
One day, one day  
I'll be so high, so high  
I'll never come down, come down, oh
