

# Play Pretend

Lexa Gates

Yo creo que te amo  
Quiero estar contigo  
Vamos para dentro  
Que afuera está muy frío  
Quítame el dolor y mi corazón  
Sólo quiero estar contigo

What do you say?  
Won't you get out of your way  
And stay with me today, we'll be okay  
And we can play pretend  
Like this won't ever end  
Let's play pretend

Once upon a time, shit was perfect  
And all the time we spent with each other was worth it  
And all the love I gave to you, babe, you deserved it  
Didn't you? (Yeah, oh)  
Now you acting all brand new  
Like I never had no type of hold on you  
Did you ever love me? Was any of it true?  
I feel all alone even when I'm with my boo  
You put a spell on me (On me)  
Anytime I close my eyes, you're all I see, see, see

Yo creo que te amo  
Quiero estar contigo  
Vamos para dentro  
Que afuera está muy frío  
Quítame el dolor y mi corazón  
Sólo quiero estar contigo

What do you say?  
Won't you get out of your way  
And stay with me today, we'll be okay  
And we can play pretend  
Like this won't ever end  
Let's play pretend

Act like you're my baby and it drives you crazy  
That it's been a while since I've talked to you lately  
Don't say why you hate me, I wish you could save me  
But you're all the same (Shit)  
I must've fell for your game  
You had me going insane  
Fuck you, forget my name  
Why you all on my brain?

Yo creo que te amo  
Quiero estar contigo  
Vamos para dentro  
Que afuera está muy frío  
Quítame el dolor y mi corazón  
Sólo quiero estar contigo

What do you say?  
Won't you get out of your way

And stay with me today, we'll be okay  
And we can play pretend  
Like this won't ever end  
Let's play pretend
