

# DEEPER & DEEPER

Lexie Liu

Deeper and deeper

Shadows on the wall  
Reflections on the floor (Oh)  
We go deeper and deeper and deeper and deeper  
And deeper and deeper and deeper and deeper  
Walk into the dark (Oh)  
Shrouded in mist  
We go deeper and deeper and deeper and deeper  
And deeper and deeper and deep-

You know you wanna make me move  
You know you wanna heal (Heal) for sure (For sure)

Take control  
Lift me up  
Close your eyes  
Take my hand  
Pull me down  
Underground  
Deeper, deeper and deeper and deeper and deeper and deeper  
To be ephemeral (Oh)  
Ephemeral  
Close your eyes (Deeper and deeper and deeper and deeper)  
Take my hand

Pull me down  
I walk into the darkness, I see shadows on the walls  
I see reflections on the floor  
Deeper and deeper and deeper and deeper and deeper and-

Don't know if what I see is what I see  
Lift me up  
Or if what I see is how I feel  
Close your eyes (We go deeper and deeper and deeper and deeper)  
Take my hand (And deeper and deeper and deeper and deeper)

Pull me down  
Underground  
Deeper, deeper and deeper and deeper and deeper and deeper  
To be ephemeral (Oh)  
Ephemeral  
Close your eyes (Deeper and deeper and deeper and deeper)  
Take my hand

Pull me down (Ooh)  
Pull me down (Ooh)  
Pull me down (Ooh)  
To be ephemeral (Oh)  
Ephemeral  
Take my hand
