Lexie Liu

Menace

They say that I'm a menace

It's your fault

Passive

Then I get all aggressive when you call

You'd come and see me, but not tonight

Should've believed you, right?

I fell asleep with you on my mind

Holding my phone in case you'd call

No, I don't wanna wait for what's to follow

I deserve diamonds and pearls

No, I don't wanna go through all this trouble

I don't wanna go-go-go

I don't give a F-F-F-F-F

Kiss me, don't text-text-text-text-text

No, I don't even care-care-care-care-care

All I need is U-U-U-U-U

I don't give a F-F-F-F-F

Stop making me guess-guess-guess-guess-guess

No, I don't even care-care-care-care-care

All I need is U-U-U-U-U

Ah-ah-ah-ah, ah-ah-ah

Yeah, I like it when you turn me inside out

Ah-ah-ah-ah, ah-ah-ah

Got me cravin' for the way you break me down

Madness

Falling into a habit, in my thoughts

Reckless

Chased too fast, I'm crashing

Can't recall

You'd come and see me, but not tonight

Should've believed you, right?

Can't fall asleep, you've been on my mind

Holding my phone but you won't call

No, I don't wanna wait for what's to follow

I deserve diamonds and pearls

No, I don't wanna go through all this trouble

I don't wanna go-go-go

I don't give a F-F-F-F-F

Kiss me, don't text-text-text-text-text

No, I don't even care-care-care-care-care

All I need is U-U-U-U-U

I don't give a F-F-F-F-F

Stop making me guess-guess-guess-guess-guess

No, I don't even care-care-care-care-care

All I need is U-U-U-U-U

Ah-ah-ah-ah, ah-ah-ah

Yeah, I like it when you turn me inside out

Ah-ah-ah-ah, ah-ah-ah

Got me cravin' for the way you break me down

F-F-F-F-F, F-F-F, F-F
Kiss me, don't-
All I need is U
All I need is U
I don't give a-
