Never be your girl

Oh, Thought it wasn't a problem, until you started one
Checked you off the list, don't wanna be involved
'Cause every time we talk, you say it's my fault
2 years have passed and I ain't thought of you at all

And for the record, baby, I'm the one that let you go
Took your number out my phone, so don't call me no more
And I moved on to something better, so just let it go
'Cause you should know by now that I'll never be your

Never be your girl
X on me
I'll never be your
X on me, X on me
Believe me I'm that girl
Put an X on me
Just trace me, crave me
X on me, X on me
Believe me I'm that girl

Nah-nah-nah-eh
Nah-nah-nah-eh
Nah-nah
I'll never be your

Nah-nah-nah-eh
Nah-nah-nah-eh
Nah-nah
I'll never be your

There's something you need
Something from me
Now I can see
Connection was lost
I can't believe
What we used to be

And for the record, baby, I'm the one that let you go
Took your number out my phone, so don't call me no more
And I moved on to something better, so just let it go
'Cause you should know by now that I'll never be your

Never be your girl
X on me
I'll never be your
X on me, X on me
Believe me I'm that girl
Put an X on me
Just trace me, crave me
X on me, X on me
Believe me I'm that girl

Nah-nah-nah-eh
Nah-nah-nah-eh
Nah-nah

I'll never be your

Nah-nah-nah-eh

Nah-nah-nah-eh

Nah-nah

I'll never be your

Nah, "Girl you lied"

My heart doesn't break

It's a shrine

X my spine

I'm a monster in disguise

Isn't my love the sign

I am not the savior

I'm gone

Baby, X on me, I'll never be

Never be your girl

X on me

I'll never be your

X on me, X on me

Believe me I'm that girl

Put an X on me

Just trace me, crave me

X on me, X on me

Believe me I'm that girl

Nah-nah-nah-eh

Nah-nah-nah-eh

Nah-nah

I'll never be your

Nah-nah-nah-eh

Nah-nah-nah-eh

Nah-nah

Believe me I'm that girl
