

All Around

Lia

You can take me anywhere Away from all this crazy world I will
go with you Everywhere you go Anytime you want me there I'll be
with you

I can feel you wanting me I just can't turn away from you You h
ave what it takes and there's no mistake You can fly You can ta
ke me up so high

Drive away, pull away Just fly away from here There's nobody to
stop you now I will stay There's no way I'll let you go from h
ere You and me We're gonna drive all around and then Ride away
to the top of the heavens

All around we'll go We can take it a little slow We both need a
ll the time in the world So just hold my hand and take my comma
nd, boy

All around we'll go And this time I'll let you know that I'll n
ever let you go Oh never, oh no, no, no

Now I found you Won't you stay Please stay with me, don't go aw
ay I will give to you all the love you knew I won't make you cr
y or say a hell lot of lies

Pull me close to you my love I need to feel your skin on mine S
et your feelings free That's all right with me Just give in and
be lost in this moment

Drive away, pull away Just fly away from here There's nobody to
stop you now I will stay There's no way I'll let you go from h
ere You and me We're gonna drive all around and then Ride away
to the top of the heavens

All around we'll go We can take it a little slow We both need a
ll the time in the world So just hold my hand and take my comma
nd, boy

All around we'll go And this time I'll let you know that I'll n
ever let you go Oh never, oh no, no, no

All around we'll go We can take it a little slow We both need a
ll the time in the world So just hold my hand and take my comma

All around we'll go And this time I'll let you know that I'll n
