

# Come Back to Me

Liam Gallagher

I've gone so far, my hands are high  
But I want to touch you  
Cause I know you're lonely  
I've seen despair, but I still care  
My heart is together  
My head is exploding

Everyone out there says you've been going a bit too hard  
Everyone out there says you've been testing man and god  
Trying to make the scene  
Why don't you come back to me  
Why don't you come back to me  
Why don't you come back to me

Tired of myself, thank god some help  
I'm coming and going  
I can't get enough men  
Get high, get saved  
Look out, be brave  
The waves are still rolling  
You're hooked on a feeling

Everyone out there says you've been going a bit too hard  
Everyone out there says you've been testing man and god  
Trying to make the scene  
Why don't you come back to me  
Why don't you come back to me  
Why don't you come back to me
