

I'm So Bored

Liam Gallagher

I'm so bored with this programme
I'm so bored with this song
Bored in the morning, bored all day
I'm so bored all night long

I'm so bored when you talk to me
I'm so bored when you're mute
Bored with your jacket, bored with your boots
I'm so bored when you're cute

I gotta get out

Bored with the war, bored with the peace
Bored with the surface, and what lies beneath
I'm an empire, I'm a god
I'm the monster and I'm the mob

Bored with the bosses, bored with the strike
Bored with husbands, bored with the wives
I can't be satisfied, no matter where I roam
I don't live here anymore, I, I, I
I live in my phone

I'm so bored, I gotta get out
I'm so bored, I gotta get out
I'm so bored, I gotta get out
I'm so bored, I gotta get out...
