

Make It Up As You Go Along

Liam Gallagher

Make it up as you go along
Nobody knows any better than you
Make it up as you go along
Thank you for your thoughts and prayers
And fuck you too

I got a Kandy Kololed tangerine
Flake streamline, baby
Sassy grassy green and Jamaica Blue drive me crazy

Make it up as you go along
Nobody knows any better than you
Make it up as you go along
Thank you for your thoughts and prayers
And fuck you too

It's a random universe
It's a gift and it's a curse
It's getting better
It's getting worse
I loved you all
Too lazy to go

Make it up as you go along
Nobody knows any better than you
Make it up as you go along
Thank you for your thoughts and prayers
And fuck you too
