

## Raise Your Hands

Liam Gallagher

If you're running out of time  
If you're not sure which way to go  
If the pieces don't seem to fit  
If nothing ever goes the way you planned

Raise your hands, I can see you  
We're alive, raise your hands

If your love life's in tatters  
If your dice don't wanna roll  
If revenge is all that really matters  
If you're sinking in the sand

Raise your hands, I can see you  
We're alive, raise your hands  
I can see you, we're alive  
Raise your hands

I can see you  
We're alive, raise your hands  
I can feel you  
We're alive, raise your hands  
I can hear you  
We're alive, raise your hands  
I can teach you  
We're alive, raise your hands  
We're alive
