Nobody Else

Liam Payne

Oh yeah
Yeah

I wanna get down with that
Your body's so hella yeah
I wanna know why you're taking your time to come to my side with it, yeah
You're just like a photograph
Straight out of a dream I had
I wanna know who put you in the room with me
I can't handle that, no

I don't want nobody else
I don't want nobody else, no
I don't want nobody else
Nobody else taking you home

Don't know what we're waiting for
I already know for sure
I'm thinkin' like
'Damn, if I get the chance, I'm putting both hands to work', yeah
You've got that maderas curve (whoo)
And it got me on high alert (Oh no)
I never saw nothing shake in a way that makes my whole body hurt
I say it again

I don't want nobody else
I don't want nobody else
(Imma tell you one more time)
I don't want nobody else
(Said nobody else)
Nobody else taking you home
(I said nobody else, yeah, ye-yeah)

I don't want nobody else (no we don't, no we don't, aye)
I don't want nobody else, no (no we don't, no we don't, aye)
I don't want nobody else (no we don't, no we don't, aye)
Nobody else taking you home

And it's crazy how we got this way
And it's crazy how you got me on a ride
Am I faded or could this be fate?
Cause' you already know what's happening

I don't want nobody else
I don't want nobody else, no, no, no
I don't want nobody else
Nobody else taking you home

I don't want nobody else (no we don't, no we don't, aye)
I don't want nobody else, no (no we don't, no we don't, aye)
I don't want nobody else (no we don't, no we don't, aye)
Nobody else taking you home
I don't want nobody else (no we don't, no we don't, aye)
I don't want nobody else (no we don't, no we don't, aye)
I don't want nobody else (no)
Nobody else taking you home
(Liam's laughs)
