

In A Way

Libianca

You don't really exist anymore
You might as well be dead, my love
Cuz now I don't see you on a daily
You are now just a memory
But I thank God for the lesson

In a way you were a blessing, in a way
(In a way, in a way, in a way)
You were a blessing in a way
(In a way, in a way, in a way)
You were a blessing in a way
(In a way, in a way, in a way)
You were my blessing in a way
(In a way, in a way, in a way)

I can go on the internet and bash you
I can cuss your mama for borning you
I can burst all the tires on your four wheel
But I, but I
Choose better cuz I know I am better
Yes I say that I wish I never met her
Can you blame me?
After everything you did to me
Can you blame me?
It's alright, it's fine

You don't really exist anymore
You might as well be dead, my love
Cuz now I don't see you on a daily
You are now just a memory
But I thank God for the lesson

In a way you were a blessing, in a way
(In a way, in a way, in a way)
You were a blessing oh
(In a way, in a way, in a way)
In a way you were a blessing
(In a way, in a way, in a way)
You were my blessing oh
(In a way, in a way, in a way)
See you were a blessing, baby
(In a way, in a way, in a way)
You were a blessing, you were a blessing (In a way)
(In a way, in a way, in a way)
(In a way)
(In a way, in a way, in a way)
(You were a blessing in a way)
(In a way, in a way, in a way)
(You were a blessing in a way)
