

Mistaken

Libianca

If I met you a while back
I would've fallen head over heels for you, baby
And as you waka pass my window
I am thinking of all of the things
You could do to me

But I am preoccupied by a man
Who don't deserve my lovin'
Maybe we should hang sometime
I believe you can help me fill the void I feel

Oh, but I might be mistaken
(I might be mistaken, I might be mistaken, I might be mistaken)
But I might be mistaken
(I might be mistaken, I might be mistaken, I might be mistaken)

I know that I'm the only man you're addicted too, you
Mesmerize all of my heart and soul
Are you listening to me o? (Listening to me o)
And she follow me to Connecticut
And I decide your solicitor
And she don't wanna say bye bye
She said she seen many people
But she addicted to the master

Tepe, tepe
Say she dey find me
Ojo otiye
She say she been ping me
Before, before
She say na suicide
If I no give get what she wants
Tipa, tipa
She dey make all my heart beat
Tika, tika
She want make my story be tragical

I might be mistaken, oh
(I might be mistaken, I might be mistaken, I might be mistaken)
Oh no no no no no no no
Oh, baby boo, I might be mistaken
(I might be mistaken, I might be mistaken, I might be mistaken)

You're not who I thought you were
Who I thought you were
But I won't waste my energy
Won't let you get to me
'Cause my old days are gone
Where I let you do me wrong
Yeah, I'm better than that, yeah
Yeah, my mama taught me better than that, uh

Oh, I used to, to be on my knees
Begging for a man's love
And care for me
But no, never again, no
Oh no, never again, no

So I will never be
I will never be mistaken
(I might be mistaken, I might be mistaken, I might be mistaken)
I might be mistaken, I might be mistaken
(I might be mistaken, I might be mistaken, I might be mistaken)
But I might be mistaken
(I might be mistaken, I might be mistaken, I might be mistaken)
Oh, mistaken
