

My Place

Libianca

Ooh
Ooh-oo-oo
Ooh-oo-oo
Ooh-oo
Mmm

This is my place (Pla-ace)
This is my space (Spa-ace)
I was here first (First)
Ooh, grab a seat get comfortable
This is my place (Pla-ace)
This is my space (Spa-ace)
I was here first (First)
Grab a seat get comfortable

Did I suffer?
For another woman-an, mmm (Another woman)
Did I endure pain
An explicable pain, for another lady?
Oh baby (Oh baby)
I'd be damned if I walk away (Walk away)
Just to let her have a taste
Of your love, my love, real love
Built on my tears, pain, sweat and blood
No-o-oo I'm never giving up
No-o-o-o I, I'm never letting up
So I'm holding on
Never letting go
So baby, grab a seat get comfortable
'Cause this-

This is my place
This is my space
I was here first
Ooh
Grab a seat get comfortable

I call dibs on what is mine
She can't have you
You're my life, can't you see?
I know we are meant to be
But there is something inside of me
And it won't budge, inside of my head
My patience is dead as a threat
Baby don't test me
Oh-oh-oh baby don't test me (Baby don't test me)
You know I love you
I'll always be there for you

This is my place (This is my place)
Baby this is my space (Space)
I was here first
Grab a seat get comfortable

I said I'd go so far
