I wanna lose myself
When I look in your eyes oh, your eyes oh oh
I wanna lose control of my body touching ya body
Come my place come my place oh
Strip my body naked in my bed in my bed oo
Now Don't delay don't delay oo
Drop ya trousers lay it on my face on my face oh
Break me down like you got no sense
No problems or other nonsense
Strap me up with a rope in hand
Putting pressure on my neck
Eat your snack baby boy it's fresh
You see me right through your lens
I'm jumping over your fence
Please me please me please abeg oh

If this is just a phase
I want to make it last longer longer longer longer
I wanna make you wait
Leave you craving something that is stronger stronger stronger
Break me down like you got no sense
No problems or other nonsense
Strap me up with a rope in hand
Putting pressure on my neck
Eat your snack baby boy it's fresh
You see me right through your lens
I'm jumping over your fence
Please me please me please abeg oh
