

## 5 Songs (Interlude)

Lido

It's been five songs since you came over  
Got up on it, you still owe me  
It's been five songs since you came over  
And by the time that this one's done  
I'mma play another one  
It's been five songs since you came over  
Got up [\*noise\*], you [\*noise\*] me  
It's been five songs since you came over  
By the time that this one's done  
I'mma play another one  
It's been five songs [\*noise\*]
