

# Ashley

Lido

Pull up to the strip club, 'bout 2: 30 AM, 2: 30 AM  
Still let the crew pop bottles cause they know who I am, they know who I am  
And they all on me, thing is I don't want none of them, don't want none of them  
Cause she got my attention  
Ooooh  
Now she the only one with some clothes on, clothes on  
But she the only one I want to undress, I want to undress  
She took us to our table (yea)  
She said she couldn't stay though (why not?)  
Cause she just the waitress

Ooooh I could have had Candy, Paris, Sabrina  
I could have had Bambi, Coco, Katrina  
They could have had Crystal, Mercedes, or Keisha  
But they ain't you  
None of them like you, oooh no

I just want Ashley  
How'd I fall in love in this club?  
I just want Ashley  
She the only one I would fuck

I just wanna tip her, tip her  
Even though she not a stripper, stripper  
I just wanna tip her, tip her  
Even though she not a stripper, stripper  
I just wanna tip her, tip her  
Even though she not a stripper, stripper  
I just wanna tip her, tip her  
Even though she not a stripper, stripper

Now I might be a little fucked up  
But I know I'm feeling you babe  
I ain't even fronting', fronting'  
This booty in my lap mean nothin, to me  
I would trade this VIP I'm sitting in, in  
For a dog and picket fence, fence  
Ain't not Dom Perignon  
Just you and your Sunday dress on waiting for me at home

Ooooh I could have had Candy, Paris, Sabrina  
I could have had Bambi, Coco, Katrina  
They could have had Crystal, Mercedes, or Keisha  
But they ain't you  
None of them like you, oooh no

I just want Ashley  
How'd I fall in love in this club?  
I just want Ashley  
She the only one I would fuck

It just ain't fair  
The feelings I'm feeling, her position yeah  
I wish she was up there  
All these bands all mean nothing if I can't spend them on her  
If she hit that pole, then I'd be going broke

I just want Ashley  
How'd I fall in love in this club?  
I just want Ashley  
She the only one I would fuck

I just wanna tip her, tip her  
Even though she not a stripper, stripper  
I just wanna tip her, tip her  
Even though she not a stripper, stripper  
I just wanna tip her, tip her  
Even though she not a stripper, stripper  
I just wanna tip her, tip her  
Even though she not a stripper, stripper
