I change up, they like "Lido where your taste went?"
Change up again, I'm like "Homie where your face went?"
You just follow the guide
So you'll be hollow inside until you swallow your pride
Marinate on that
Even my toughest competition can't hate on that
Or some just might maybe
Oh well it's all gravy

Chop, Chop it up, mix it in the stew
Make, make it hot now

Make it, make it hot now

Chop, Chop it up, mix it in the stew
Make, make it hot now
