Comfortable

Lido

They wouldn't tell me to stop feeling myself if they knew how I felt
I guess that it's natural
Maybe I should feel bad about feeling this good, huh
And they want to know why I am so comfortable

And as a get up off the plane
Thinking "Will I ever get up off the game?"
Sitting with a feeling I will never be the same
And no matter the situation I'll never be the lame
And it really is a good feel
How I'll never be victim to no goodwill
So in the situations where I could chill
Best believe I'll step it up a notch
Yupp, that's what they pay me for
Feel so good when they play me yo
Yeah, baby know
And she like the fact that I can say I love you on the radio
I was told not to go there
Now I'm too fly, they don't let me use my phone here
Unreachable, don't care
The shine will make you blind, don't stare

They wouldn't tell me to stop feeling myself if they knew how I felt
I guess that it's natural
Maybe I should feel bad about feeling this good, huh
And they want to know why I am so comfortable

I been up all night
And I took more planes last week than you did your whole life
And the kid is alright
They catch me kicking back like "The kid is all hype"
They inpatient
So the anticipation should've got me shaking, right
Fly guy in the booth
So I'm comfortable with expectations through the roof
They ask me how it feel yo
I tell'em to go buy another pillow
So they buy another pill, oh
Figure out I'm clean, be like Lido ain't real yo
And they ask about the label
Three tracks later, paper's on the table
Didn't listen when they told me take it slow
And now I get love like everywhere I go

They wouldn't tell me to stop feeling myself if they knew how I felt
I guess that it's natural
Maybe I should feel bad about feeling this good, huh
And they want to know why I am so comfortable

They wouldn't tell me to stop feeling myself if they knew how I felt
I guess that it's natural
Maybe I should feel bad about feeling this good, huh
And they want to know why I am so comfortable
