

## Different Pt.II

Lido

She says she likes me cause I'm different, I'm different, ooh  
I'm different, I'm different  
She says she really likes the remix

Shawty got a song, I took her out to dinner  
Girl you made me fall, but the air is getting thinner  
And I can't find the sense in that we're so far from common  
Even though all we have in common is records, love and a problem

Put in work, down and gritty  
She'll probably break, Ceramic City  
She's asking why I've gotta run  
I say I need a second before I tell you you're the one

She says she likes me cause I'm different, I'm different, ooh  
I'm different, I'm different  
She says she likes me cause I'm different, I'm different, ooh  
I'm different, I'm different, I'm different

So why am I not answering her call?  
So why am I not answering her call?  
(I swear we so special) So why am I not answering her call?  
(I swear we so special) (way too early and) I don't wanna tell  
her she's the one

Shawty got me singing  
And the look in her eyes says she don't wanna be alone tonight  
And I don't usually do this  
But she ain't average either  
And I put that on everything, it has to be her  
I'm not playing with you, I wrote this part for you  
So can we play it out? 'Till it's played out  
'Till it fade out, or we laid out  
Wasn't looking, but she blinds me when she blends in  
I find I be depending, but the timing is just, ooh

She says she likes me cause I'm different, I'm different, ooh  
I'm different, I'm different  
She says she likes me cause I'm different, I'm different, ooh  
I'm different, I'm different, I'm different

So why am I not answering her call?  
So why am I not answering her call?  
(I swear we so special) So why am I not answering her call?  
(I swear we so special) (way too early and) I don't wanna tell  
her she's the one
