

JET OUT

Lido

But it's too soon
It's too soon to jet out
Yea it's too soon
It's too soon to jet out
(I know you'll slide eventually)

I know I can't stay forever
I'd be down if I had forever
You know we'd stay together

But it's too soon
It's too soon to jet out
To jet out, to jet out
It's too soon to jet out still
(I know you'll slide eventually)

That's not like you
To up and disappear
