Breathe it, breathe it, breathe it
Five months I've gone, I've been holding it back far too long
Hear it, hear it, hear it
Telling the A.M. they are who yourself really are
Feel it, feel it, feel it
It feels like you're selling a toy, while it gave me no joy
Squeeze it, squeeze it, squeeze it

I was lost
I was somewhere

I was lost
I was somewhere

I was lost
I was somewhere

I was lost
I was somewhere
