

# Outstanding

Lido

Happy new day  
I hope all your dreams come true  
Pick your feet up, try again, I'm proud of you  
There'll be puddles, there'll be pebbles in your shoe

They almost broke your brother  
They almost broke your friend  
And soon there'll be another  
I know it's not the end for you

And you will be outstanding  
All on your own, girl  
All, on your own, girl, yeah, yeah  
You will be outstanding  
(Fill up your heart)  
All on your own, girl  
All on your own, girl, yeah, yeah

There will be another ('nother, nother, oh)  
There will be another ('nother, nother, oh)  
There will be another ('nother, nother, oh)  
There will be another ('nother, nother, oh)

Happy new day

I think you might be my downfall

Think you might be my
