I'm not gon' partake in this shit anymore
I'm not gon' partake in this shit anymore
I'm not gon' partake in this shit anymore
I'm not gon' partake in this shit anymore

You know me so well
I hope it's the truth
You don't make no sense
I guess I won't fool you

We must always fight nature
(I'm not gon' partake in this shit anymore)
But, nature must never lose
(I'm not gon' partake in this shit anymore)
We must always fight nature
(I'm not gon' partake in this shit anymore)
But, nature must never lose
(I'm not gon' partake in this shit anymore)
We must always fight nature
(I'm not gon' partake in this shit anymore)
But, nature must never lose
(I'm not gon' partake in this shit anymore)

(Running around this city from block to block tryna
Running around this city from block to block tryna)
In a corner, in the city
(Running around this city from block to block tryna
Running around this city from block to block tryna)
There is someone like you
(Running around this city from block to block tryna
Running around this city from block to block tryna)
And they know that
(Running around this city from block to block tryna
Running around this city from block to block tryna)
There's a place
(Running around this city from block to block tryna
Running around this city from block to block tryna)
For someone like you, you
