Lido

I know you feel ashamed  
It's enough that you can feel this way

Woke up on the wrong side of a two seater  
Pulled wings just to write you this letter  
You really know your name  
Come around but don't take no pictures  
Melodies sing a song from the scripture  
Are you in love with the gun?

Don't mean to be rough  
Don't mean to be tough  
Just wanna make love  
Don't mean to be tough  
You just wanna be rough  
Rough, rough, rough, rough

Don't mean to be rough  
Don't mean to be tough  
Just wanna make love  
Don't mean to be tough  
You just wanna be rough  
Rough, rough, rough, rough

Don't mean to be rough  
Don't mean to be tough  
Just wanna make love  
Don't mean to be tough  
You just wanna be rough  
Rough, rough, rough, rough

Don't mean to be rough  
Don't mean to be tough  
Just wanna make love  
Don't mean to be tough  
You just wanna be rough  
Rough, rough, rough, rough
