

STILL DECIDING

Lido

Is everything
Is everything
Is everything
Okay
Between us
I never meant to do you how I did you babe
But still
You played me

I wish I
I wish I could go
Wish a nigga would
Wish I got you over with sooner
Wish I didn't waste so much
Time time time time time
Missed the window
Hit the wall
I'm still deciding
What I want

Show me I'm in love
I'll be all you never seen before
I'll be all you never seen before
Just show me we in love
I'll be all you never seen before
I'll be all you never seen before
