

WOMAN

Lido

Just a reflex
New love is priceless
I weigh my options
Find it when it's right for me

It was just a reflex
New love is priceless
I weigh my options
Find it when it's right for me

Hate when I get
Lost in the mix
I'm no psychic
But I know it ends
We'll be

Chasing borders
Until our hearts caved in
Feelings flow like water

Gave my love to a woman
Had me dancing with the devil
Momma told me I'll be running
Now I'm standing at a crossroads

Praying I'm praying
Whatever I'm learning
It's taking me back to the start
Back to my heart
Back

Gave my love to a woman
Had me dancing with the devil
Momma told me I'll be running
Now I'm standing at a crossroads

Praying I'm praying
Whatever I'm learning
It's taking me back to the start
Back to my heart
Back
