

WTFIMP (Interlude)

Lido

Where the fuck is my phone?
I gotta call him right now
I just had it, goddamnit what a mess I'm in
Oh good lord, I need some help from you now
I never meant to f- ah, there it is, damn
I can't believe I let it get to this
On some type of soap opera shit
Oh man, oh man
Santell, here we go again
How you do your boy like that?
You know it's bros over hoes
But you know how it goes when these hoes
Lonely at home, and on the road
And you tell yourself it's just some dog
I gotta stop fucking around
I gotta stop pussyng out
I'mma call him up right now
He's gonna kill me but it's ringing, it's ringing, it's ringing
, it's ringing, it's ringing
("Hello? ")
