

Once Below

Life of Agony

I feel disgraced
I wasted time
Deeper down into this hole I hide
Running in place
I'm losing sight
So done, I'm numb, can't recognize

I was once below, but now I'm up above

How low, can ya go, before you fall
What ya give, what ya get, karma circle
Find my way, start today, up off my knees
Desperation waits and it knows my name...

Oh a lifetime wasted...
Once below - and now I'm up above
Oh a lifetime wasted...
Once below - and now I'm up above

Sweat it seeps
Into my eyes
The clock keeps on whispering its lies
I'm losing sleep
Been up all night
Insomnia's my way of life

How low, can ya go, before you fall
What ya give, what ya get, karma circle
Find my way, start today, up off my knees
Desperation waits and it knows my name...

Oh a lifetime wasted...
Once below - and now I'm up above
Oh a lifetime wasted...
Once below - and now I'm up above
Oh a lifetime wasted...
Once below - and now I'm up above
Oh a lifetime wasted...
Once below - and now I'm up above

How low, can ya go, before you fall
What ya give, what ya get, karma circle
Find my way, start today, up off my knees
Desperation waits and it knows my name...

Oh a lifetime wasted...
Once below - and now I'm up above
Oh a lifetime wasted...
Once below - and now I'm up above
Oh a lifetime wasted...
Once below - and now I'm up above
Oh a lifetime wasted...
Once below - and now I'm up above
