

# Born Again

Lifer

Watch me rise

Now I close my eyes  
I wonder if I'll ever see again  
I am scared that you are here  
And you think I'm someone

I am so alive  
Makes me real  
Gives me reason  
And I am so alive  
So...

Watch me rise

Now I rise above  
I wonder if I'll ever touch the sun  
I'm up here looking down  
[?] you think i' someone

And I am so alive  
Makes me real  
Gives me reason  
And I am so alive  
So...

Show me, show me  
Now I think I'm someone else  
[?] I'll behave

Will I believe, will I believe  
If you make me see myself?  
Will I behave, will I behave  
If I don't understand anymore?  
Will I believe  
If you make me someone else?  
Will I behave, if I don't behave  
[?]

I am so alive  
Makes me real  
Gives me one more reason  
And I am so alive  
So...

Show me, show me  
Now I think I'm someone  
Show me, now you show me  
Now I think I'm someone else  
Now I think I'm someone else
