Ocean Drive

Lighthouse Family

Say it's true, black and blue I can share your situation Keeping hold on our emotions They will only make us cry

And you go, but I know But you know it ain't so serious anyway When the clouds arrive we'll live on Ocean Drive

Don't know why you're so blue? The sun's gonna shine on everything you do And the sky is so blue The sun's gonna shine on everything you do

He left you black and blue Without a word of explanation And he took your love for granted and He left you high and dry

But you'd know someday Well you wonder what You see in him anyway When that day arrives we'll live on Ocean Drive

Don't know why you're so blue? The sun's gonna shine on everything you do And the sky is so blue The sun's gonna shine on everything you do

Don't know why you're so blue? The sun's gonna shine on everything you do And the sky is so blue The sun's gonna shine on everything you do

Don't know why you're so blue? The sun's gonna shine on everything you do And the sky is so blue The sun's gonna shine on everything you do

Don't know why you're so blue?
