

## Jake Head Boogie

Lightnin' Hopkins

We got drunk last night man, yes, and the night before  
We got drunk last night man, yes, and the night before  
Come home tellin' me, yes gonna get drunk some more

I don't want no Dixie woman talkin' 'bout man in my face  
I don't want no Dixie woman talkin' 'bout man in my face  
There's a whole lot of women, just rarin' to take her  
place

This time now baby, just got to let you go  
This time now baby, just got to let you go  
Come home tellin' me that you won't get drunk no more
