

Follow You Down

Lights

When the darkness comes
Surrounds you in your sleep
Swallows up the sun
I will chase you to the deep

I don't know the end
It's never how I thought
Is it real or pretend?
Are we free or are we not?

Oh, if one flame goes out
Does the other one gain or wane?
Oh, if two flames go out
Do they stay the same?

So just call me, you know I will be waiting
For you as you walk towards that redemption sound
You know I'll be the stillness when you're shaking
And when you fall overboard, I'll follow you down

I'll follow you down, down, down, down, down
I'll follow you down, down, down, down, down

Call me, and I'll lift you up
I'm never far from you
Tell me when you've had enough
And I will carry you through

Cause if two flames go out
They stay the same

So just call me, you know I will be waiting for you
As you walk towards that redemption sound
You know I'll be the stillness when you're shaking
And when you fall overboard, I'll follow you down

I'll follow you down, down, down, down, down
I'll follow you down, down, down, down, down

Oh, ah, oh, ha, oh, oh
Whoa, oh, ah, ah
I'll follow you down
I'll follow you down
Ooh, ooh
