

Try me now, you know I've been waiting for ya  
Sleepless now cause I can't get myself down  
Do you want a warning?  
Hold me till the morning  
Do you feel me?  
Flying off the handle  
Lighting up a candle  
All for you

If I'm going up  
You know you're going up  
With me too

It's 3 in the morning and I'm coming in hot  
Back in the city and I hit the jackpot  
Oh, you wanna start a fire?  
You can't tell me nothing you don't wanna start me  
If I pipe up it's gonna be sparky  
You know, I wanna start a fire  
We're gonna start a fire

Rest those eyes you know she ain't waiting for ya  
Time goes by and she's bringing you down with her  
Tighten up your collar  
For another dollar  
Push it harder  
You wanted it badly  
Rather than be happy  
Safe to say

I never could take  
Anyone's advice  
Anyway

It's 3 in the morning and I'm coming in hot  
Back in the city and I'm dying to go off  
Oh, you wanna start a fire?  
You can't tell me nothing you don't wanna start me  
If I pipe up it's gonna be sparky  
You know, I wanna start a fire  
We're gonna start a fire

Gimme fuckin' all that  
You can make a come back  
Nobody can take you  
Better and you know that  
I'm up on the marquee  
You don't wanna start me  
When I'm on top  
You can call me sparky
