

# SuperMelt

Lights

Soft and silent  
Ultraviolet  
I need help  
I ain't well  
Say you miss me  
When I go missing  
Well, well  
Supermelt

I can't stop staring  
Into the sun  
She shines brighter  
Than anyone  
And when there's nothing  
I feel some  
Been trying to hide it  
But I can't run

Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt

Taking your time on me  
Talking to me easy  
Say you wanted me for yourself  
For yourself  
I fell in the water  
You love like the summer  
All the things I never felt  
I felt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt

I can't stop staring  
Into the sun  
She shines brighter  
Than anyone  
And when there's nothing  
I feel some  
Been trying to hide it  
But I can't run

Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt

You weaponize the sun  
You weaponize the sun  
You weaponize the sun  
You weaponize the sun

I can't stop staring  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt  
Supermelt

I can't stop staring  
Into the sun  
She shines brighter  
Than anyone
