You hoes silly
Fuckin' with me really? Not really
Look at my wrist, Richard Mille
Drop down, do my eagle, no Philly
Smack on this backend (Ooh)
Turn around then I let him beat my back in
Your man using all my lyrics as his captions
All this ass, call me an assassin
Wanna feel on this wagon I'm dragging
Need Franklins, Grants and Jacksons
New purse, drop five like Jacksons
Chasin' clout, won't get a reaction
Saucin' on hoes, high fashion
Make the coochie stretch like elastic
Hop on that dick, get ratchet (Hop on it)
Make it disappear like magic, fantastic
