

Face Down

LightSkinKeisha

I think we fuckin' got one
It's trap season, bruh

Don't be talking boss shit if you ain't really 'bout it
'Cause I'mma pull your card, make you spend a couple thousand
Gotta be a rich nigga just to come around me
I'm really running shit, I know you heard about me
Body so crazy, make em say "wow!"
Ass so fat, like tadoww
He don't wanna wait, he want me right now
He like my ass tooted up and my face down

Top floor at the Westend
Poppin hella bottles with my bestfriend
Lame ass niggas, we finness them
If you ain't got no money, that's a dead end
All that talking that these niggas doing don't phase me
Got that type of pussy make a nigga wanna praise me
Put a name on this pussy, he call it amazing
Set the standard high so a nigga can't replace me
Shittin on these bitches, I on even try hard
I stay in my bag like a fuckin goyard
Hundred thousand cash on a brand new car
Look up at my ceiling, make a wish, 'cause it's stars
I don't need a key, I push a button and it start
Hardest rap bitch out and that's by a far
Got a couple bitches out here tryna steal my bars
But I stay up on P's and Q's, I'm never off guard (pussy)

Don't be talking boss shit if you ain't really 'bout it
'Cause I'mma pull your card, make you spend a couple thousand
Gotta be a rich nigga just to come around me
I'm really running shit, I know you heard about me
Body so crazy, make em say "wow!"
Ass so fat, like tadoww
He don't wanna wait, he want me right now
He like my ass tooted up and my face down

Real freak, this ain't only on the weekends
Bust it open from the AM to the PM
Come and get your nigga, he stay in my DMs
He said he tryna swim all in me on the deep end
But I don't feed in, I just want that cash flow
He feed you burger king, but he took me to Mastro's
We do not compare, but I see why you mad though
Better get up out your feelings and get to that bag, hoe
Different breed, baby, we are not the same
Nigga wanna take me out, I tell 'em "meet me at the bank."
I'm getting to that bread, fuck what a motherfucker think
I don't want relations, play these niggas like a game
They having conversations, I'm the trending topic
I'm just tryna see what in your fucking wallet
Type of bitch to make a nigga empty out his pockets
Broke boy wanna talk, nigga please, stop it

Talkin' boss shit, it's talkin' boss shit
Talkin', talkin', talkin' boss shit

It's talkin' boss shit
It's talkin', talkin', talkin' boss shit
It's talkin' boss shit
It's talkin' talkin', talkin' boss shit
It's talkin' boss shit, it's talkin'

Don't be talking boss shit if you ain't really 'bout it
'Cause I'mma pull your card, make you spend a couple thousand
