LightSkinKeisha

I go monkey on the dick, money on the dick, monkey
Put it deep inside, make me feel it in my stomach
I know how to take the dick, I don't do no fucking running
Do a split up on that motherfucker, keep that nigga coming
Bend it, buss it open
Bend it, buss it open
Bend it, buss it open
Bend it, bend it, buss it open
Bend it, buss it open
Bend it, buss it open
Bend it, buss it open
Bend it, bend it, buss it open

Pretty and I'm thick, like a milkshake baby
I'mma make this ass shake, like a earthquake baby
Let 'em blow me out like it's my birthday baby
5-star dinner, pussy gourmet baby
Main topic of discussion, you can say I'm most hated
Got the girllies all pressed 'cause they niggas wanna date me
I ain't going back and forth, i'mma need some compensation
Big bank beisha, I'm the baddest in the nation
Tripple D titties sitting on my fucking chest
Let me see that bankroll, that's that shit that get me wet
Make a nigga get right or his ass will get left
You a motherfucking lie if you say I ain't the best

I go monkey on the dick, money on the dick, monkey
Put it deep inside, make me feel it in my stomach
I know how to take the dick, I don't do no fucking running
Do a split up on that motherfucker, keep that nigga coming
Bend it, buss it open
Bend it, buss it open
Bend it, buss it open
Bend it, bend it, buss it open
Bend it, buss it open
Bend it, buss it open
Bend it, buss it open
Bend it, buss it open
Bend it, bend it, buss it open

You ain't never met a freak bitch like me
Pussy better than some nyquil, go to sleep
Spread me wide open nigga, 'cause it's time to eat
And if he do a good job I might give him a treat
Ride up on that dick, like a fucking roller coaster
I'mma throw it back, I'mma throw my legs up on his shoulders
Let him beat it up in the back of the Rover
This pussy good luck, like a four leaf clover
I'mma make it hot, I'mma make it drop
I don't want no convo, I just want the top
Gimme all your money, gimme all you got
Best he ever had and that's a big dot

I go monkey on the dick, money on the dick, monkey
Put it deep inside, make me feel it in my stomach
I know how to take the dick, I don't do no fucking running
Do a split up on that motherfucker, keep that nigga coming
Bend it, buss it open
