A tasty, white dream
Vanilla-nilla-nilla
My candy jelly topping
Once you get a taste, you'll go oh my gosh

You'll keep thinking about me
Vanilla-nilla-nilla

Vanilla-nilla-nilla
You'll keep looking for me, oh my gosh

The moment we coincidentally meet eyes
Your heart will sway and sway and sway
The look I give you
Will sweetly cast a spell on your heart
It'll all come true, come true, come true

It feels like the first snow is falling right now
Deeply hidden feelings are rising up
Feels like I'm slowly melting, I'm so nervous
My days used to feel the same
But now it's an electric sugar high

A tasty, white dream
Vanilla-nilla-nilla
My cherry honey topping
Once you get a taste, you'll go oh my gosh

I wanna give it to you
Vanilla-nilla-nilla
The starlight sprinkles are exploding
At first sight, you'll go oh my gosh

Oh my gosh
Vanilla-nilla-nilla
Oh my gosh
Vanilla-nilla-nilla

Yeah, Follow the Lights
That's right! Take your pick
Let's try! Let's jump and play
You look bored, excuse me?
That secret exit twinkles far away

Dream in dream
I'll land in your dreams that'll become a little sweeter
Crush on you
Are you ready or not?

It feels like the first snow is falling right now
In front of this gently stopped world
This dream is gonna spread out even farther
I'm gonna run to you with all my might
And crash into this sugar high

A tasty, white dream
Vanilla-nilla-nilla
My cherry honey topping
Once you get a taste, you'll go oh my gosh

I wanna give it to you
Vanilla-nilla-nilla
The starlight sprinkles are exploding
At first sight, you'll go oh my gosh

Oh my gosh
Vanilla-nilla-nilla

Open the box in your hands right now
(Open your mind)
The night is open wide for us

With earnest hearts, things are starting for us baby
Vanilla-nilla-nilla

A tasty, white dream
Vanilla-nilla-nilla
My candy jelly topping
Once you get a taste, you'll go oh my gosh

You'll keep thinking about me
Vanilla-nilla-nilla
Vanilla-nilla-nilla
