

Low

Like A Storm

My hands have given up
Trying to reach to heaven
My soul has given in
On trying to be forgiven
Chasing light can make you blind

Been running for so long
I don't know what I'm facing
It's all the same mirage
It's never an oasis
Losing what I left behind

But I found solace in the scars
I found comfort in the dark

Ever been so low
You never felt better?
'Cause that's when you know
What it's like to have nothing to lose
Ever been so low
You never felt higher?
'Cause that's when you know
What it's like to feel alive

I fell into the trap
I swore I'd never do it
I lost my way and back
And I never knew it
I was sinking in the sky

I was desperate, it was deafening
With a voice inside like a winter wind
Cutting through the dead of night

I was drifting in the stars
Now rock bottom is a brand new start

Ever been so low
You never felt better?
'Cause that's when you know
What it's like to have nothing to lose
Ever been so low
You never felt higher?
'Cause that's when you know
What it's like to feel alive
