Pull Me From the Edge

Like A Storm

(Pull me from the edge)

Like a fallen angel
Crashing to the ground
I tried to climb to heaven
To only fall back down
Alone, in desperation
Alive, in only breath
When there is no salvation
The new beginning is the end

Pull me from the edge
And make me feel like I'm alive again
Don't leave me bleeding
I can't face the end
I'm calling out, I'm calling out
With my dying breath
Give me a reason to live
Pull me from the edge
Pull me from the edge

Another day is ending
Hands held up to the sky
Some pray to live forever
While others pray to die
My heart has bled till empty
I'm buried in my head
All hope has left me here for dead

Pull me from the edge
And make me feel like I'm alive again
Don't leave me bleeding
I can't face the end
I'm calling out, I'm calling out
With my dying breath
Give me a reason to live
Pull me from the edge

Cause I don't want to be
What got the best of me
Give me some certainty that there's hope for me

Pull me from the edge
And make me feel like I'm alive again
Don't leave me bleeding
I can't face the end
I'm calling out, I'm calling out
With my dying breath
I'm calling out, I'm calling out
Cause I've got nothing left
I'm calling out, I'm calling out
Cause I can see the end
Give me a reason to live
Pull me from the edge...
