

## Empty The Same

## Like Moths to Flames

Were we meant to break?  
Spent more time watching me leave  
I think I'm just another mistake in your way  
I know you're better off alone  
And that it's time for me to let you go

Into the air  
Away from the mess I'm in  
Been dragging you underneath  
My problems again

I wanted to tell you that you're free  
In time you'll see  
I just weighed you down

I wanted to tell you that you're free  
In time you'll see  
I just weighed you down

Were we meant to stay?  
Or are we made to decay?  
Waited for sun  
All we got was rain  
Saw your smile fade  
While stress took me away  
But you were on my mind, on my mind

I know it feels like I just left you to die (Left you to die)  
Been gone so long can't fucking make this right

I know it feels like I just left you to die  
Been gone so long can't fucking make this right

I wanted to tell you that you're free  
In time you'll see  
I just weighed you down

I wanted to tell you that you're free  
In time you'll see  
I just weighed you down

So were we meant to break?  
Did I lose your faith?  
I know that I'm the one to blame  
I'm empty the same

Now I'm empty the same  
Consumed by thoughts  
Not meant to escape  
I know I'm the one to blame  
I'm empty the same

Into the air  
Away from the mess I'm in  
Been dragging you underneath  
My problems again

I wanted to tell you that you're free  
In time you'll see  
I just weighed you down

I wanted to tell you that you're free  
In time you'll see  
I just weighed you down
