

4 More Drinks / Pinky Fenty Slides

lil aaron

I'm four more drinks to faded
I know you fuck with me, girl, you ain't gotta say it
We rolling blunts on blunts, let's smoke 'til we sedated
Yeah, I think I'm four more drinks to faded, yeah
Four more drinks to faded
You see me shining, boy, I know you fucking hate it
I coulda signed by now but that shit's overrated
Yeah, I think I'm four more drinks to faded, yeah

Four more drinks to faded (yeah!)
Four more drinks to faded
Four more drinks to faded
I think I'm four more drinks to faded

So we smoke, 'til we both don't know where to go
I'm in your city doing donuts in a rolls
Flexing on a Rolex, keep you on your toes, bitch
I'd rather kill myself than ever go back home
I thought I told y'all that the boy about to blow
Henny in the coke, fenty on my toes
I got some drugs inside my system for the low

I'm four more drinks to faded
I know you fuck with me, girl, you ain't gotta say it
We rolling blunts on blunts, let's smoke 'til we sedated
Yeah, I think I'm four more drinks to faded, yeah
Four more drinks to faded
You see me shining, boy, I know you fucking hate it
I coulda signed by now but that shit's overrated
Yeah, I think I'm four more drinks to faded, yeah

Four more drinks to faded (yeah!)
Four more drinks to faded
Four more drinks to faded
I think I'm four more drinks to faded
