

AMERICAN SCUMBAG

lil aaron

American scumbag
I don't do shit but drink all day
American scumbag
I'm so good at wasting life away
American scumbag
Don't give a fuck I'll never change
American scumbag
I'll only drag you down with me

Running from the cops
I've been sleeping on the lawn
And my girlfriend just ran off
So I stay home jacking off
Unread message from my mom
Saying I should get a job
These days I get that a lot
Maybe I'm just an

American scumbag
I don't do shit but drink all day
American scumbag
I'm so good at wasting life away
American scumbag
Don't give a fuck I'll never change
American scumbag
I'll only drag you down with me

My therapist just quit
She says I'm a piece of shit
And my friends think I'm a bitch
So I'm playing with my dick
I've been staying out 'til six
Doing shots until I'm sick
I'm in so much fucking debt
I guess I'm just an

American scumbag
I don't do shit but drink all day
American scumbag
I'm so good at wasting life away
American scumbag
Don't give a fuck I'll never change
American scumbag
I'll only drag you down with me

Don't give a fuck I'll never change...
