lil aaron

Ya

I bet you'd hate to hear what I make a year  
Shed blood sweat tears so I could make it here  
Oh you got something to say well I cant wait to hear  
Three sold out tours you still get paid in beer  
Why you tryna hate why you talkin shit  
You must not like money I got a lot of it  
Me and you are not the same bitch its obvious  
I just heard your new project that shit monotonous  
I be on the next flight to Tokyo  
Your shawty say she love me she ain't know me tho  
Told that bitch she could come through and join the rodeo  
Get my nut off then I vanish like the Holy Ghost  
Cuz I be on my bullshit  
Don't make me empty a full clip na  
This ain't nothing like the old shit  
Cuz I be on my bullshit ya  
I be on my bullshit  
Don't make me empty a full clip na  
This ain't nothing like the old shit  
Cuz I be on my  
Cuz I be on my

You don't wanna see my bad side  
All the fucked up shit that I been doin  
I don't wanna be a bad guy  
I can turn into my bad side at night  
You don't wanna see my bad side  
All the fucked up shit that I been doin  
I don't wanna be a bad guy  
But I can turn into my bad side at night

All the voices in my head got some shit to say  
And I been drinkin poppin pills to make them go away  
Pray the lord dont take me out til another day  
Cuz I still got at least a couple years of gettin paid  
Sometimes I close my eyes on the 405  
Its like I only feel alive when I drink and drive  
It gets harder and harder to fall asleep at night  
It gets harder and harder to fall asleep at night  
I lay in bed and think about what you said  
I wish that I could forget and fall asleep again ya  
Guess the bread just keep getting to my head  
But this shit ain't over yet I wont stop until im dead na

You don't wanna see my bad side  
All the fucked up shit that I been doin  
I don't wanna be a bad guy  
I can turn into my bad side at night  
You don't wanna see my bad side  
All the fucked up shit that I been doin  
I don't wanna be a bad guy  
But I can turn into my bad side at night  
You don't wanna see my bad side  
All the fucked up shit that I been doin  
I don't wanna be a bad guy  
I can turn into my bad side at night

You don't wanna see my bad side  
All the fucked up shit that I been doin  
I don't wanna be a bad guy  
But I can turn into my bad side at night

I don't wanna be a bad guy

I can turn into my bad side at night

I don't wanna be a bad guy

I can turn into my bad side at night
